

MAKING AN INTER-LIBRARY LOAN REQUEST

If the book, journal article or thesis you need is not held at our libraries or available online for free, you can request it from another library. This is known as an **Inter-Library Loan (ILL) request**. The service is available online via Library Search www.westminster.ac.uk/librarysearch to all University of Westminster students and staff. This service is not available to external users or alumni.

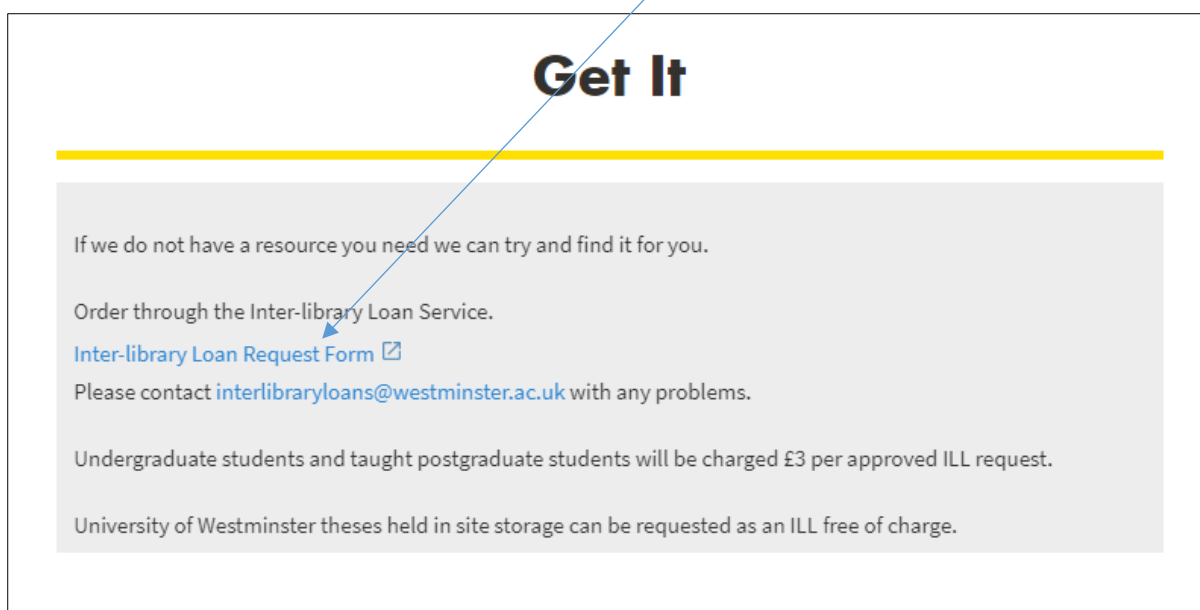

Please check that the University of Westminster does not hold the material you need in print or electronic format, and that it is not available freely on the Internet before you submit a request.

Navigate to Library Search, and sign in.

- Click on **ILL Requests** on the top banner.

- On the following page, click on **'Inter-Library Loan Request Form'**

- Select the correct material you are requesting, e.g. **Book** or **Article**. Select 'Book' for book chapters and theses, and provide more information in the boxes below.
- Complete the request form giving as much information as possible. Inaccurate or insufficient information may delay your request.
- Read the **Copyright statement** on the ILL form carefully. You must acknowledge the statement by ticking the box before you submit your request.
- Click on **Request** at the bottom of the form to submit your request.

Please note: Once the ILL team has processed a request, it can not be cancelled.

Delivery of ILL items

Digital articles will be sent directly to your university e-mail account.

Printed articles and loans will be sent to the library counter for collection.

For more information, check [Making an Inter-library Loan Request webpage](#) or you can contact the ILL team on interlibraryloans@westminster.ac.uk or Tel: **0203 506 9246**.
