

Architectural Technology BSc Honours
Building Surveying BSc Honours
Building Engineering BSc Honours
Quantity Surveying and Commercial Management BSc Honours
Construction Management BSc Honours

What your tuition fees cover

- Prior to enrolment you will be provided with information on reading lists and equipment you will need for the duration of your course
- There is no requirement for you to buy books as all the key texts are available in the Library

What your tuition fees do not cover

- You may prefer to have your own laptop. However this is not a requirement because there are computing facilities available at the University
- Printing costs are listed below by course:

Course	Approximate cost per academic year
Architectural Technology BSc Honours	£200
Building Surveying BSc Honours	£30
Building Engineering BSc Honours	£30
Quantity Surveying and Commercial Management BSc Honours	£30
Construction Management BSc Honours	£30

- **Constructionarium field trip:** this is an optional field trip for all full-time construction students in years 2 and 3. It provides a 'hands-on' construction experience for students and professionals; where participants construct scaled down versions of bridges, buildings, dams and civil engineering projects from all around the world. This provides an excellent opportunity to link with industry and to gain experience in a practical, safe and relevant environment.

The cost of attending the trip is £100 plus the purchase of safety boots.

The trip is not mandatory, and whether or not you choose to attend, it will not affect your grades or the final outcome of your degree classification.
