

## **University of Westminster Freedom of Information Policy (2022)**

### **For Compliance with the Freedom of Information Act 2000**

#### **1. Background**

1.1 The Freedom of Information Act 2000 (FOIA) gives the public a general right of access to information held by public authorities, subject to the conditions and possible exemptions of the Act. The University is defined under Schedule 1 S53 of FOIA as a Governing body and therefore the activities it undertakes as a public authority are subject to the Act.

1.2 Anyone, anywhere, may request information from a public authority subject to the Act, for any reason. It does not have to be specified as a request under FOIA to be a valid freedom of information request. The FOIA covers all information held by a public authority in any form or format. The aim of the FOIA is to foster a culture of openness and accountability across the public sector.\*

1.3 The University of Westminster is fully committed to compliance with the FOIA and its principle of public access to official information, wherever lawful, feasible and in the public interest.

#### **2. Scope and Requirements**

2.1 The FOIA applies to all information held by the University and its associated bodies, in whatever format, both current and historical.

2.2 The FOIA imposes a number of requirements on the University, which the University endeavours to ensure are met to the best of its capabilities:

2.2.2 - To provide advice and assistance to anyone seeking information about the University.

2.2.3 - On the receipt of a written request with return name and address, to provide access to University information which has not been published or otherwise made available. The request should accurately describe the information required.

2.2.4 - To acknowledge the receipt of any written request and to raise any need for clarification or other aspects of the request that may require discussion with the requestor as soon as possible.

2.2.5 - To inform the requestor, in writing, whether the information requested is held by the University. If it is held, subject to any applicable exemptions or fees, to communicate the requested information to the requestor before or no later than 20 working days has elapsed from the receipt of the request.

2.2.6 - Where information is exempt from disclosure, to send to the requestor a notice which specifies any exemption applied and explaining the reason why.

2.2.7 - Where clarification has been sought by the University, to issue the requestor with a refusal notice if no clarification has been received within a reasonable period.

2.2.8 - If any fee is deemed chargeable, to send to the requestor a fees notice stating the amount required.

2.2.9 - To internally review any complaint or appeal made in relation to the University's decisions on the FOIA disclosure.

2.2.10 - To inform the requestor of the ICO appeals process
