

Marylebone Campus- Provisional Exam Timetable Semester 1 2019/0

Please ensure that you check the timetable carefully, it is your responsibility to ensure that you attend the correct exam. There may be more than one module with the same or similar Module Title therefore always ensure that you check the Module Code. Some exams are split by surname across multiple rooms, please ensure you go to the correct room for your surname as there will not be space for you in another room and this could cause disruption to the start of your exam. There may be more than one exam taking place in a room therefore always follow the invigilators instructions when entering the exam room. Students with Individual Exam Arrangements will receive an email from the Registry confirming their arrangements and should be aware that the start time may differ from that published below.
