LANGUAGES

Westminster offers an exciting range of opportunities to study European and non-European languages: Arabic, Chinese, French and Spanish. Languages can be combined with a range of other subjects such as English, Linguistics, International Business or International Relations, giving you the chance to personalise your study with your choice of pathway. As a languages student, you will be based in the heart of a vibrant, multicultural city where more than 300 languages are spoken. You will be able to take advantage of our central London location, with its unrivalled range of library, archive and cultural resources, as well as its social diversity.

Teaching and learning
Our courses are taught in small classes, and all of our lecturers are professional linguists or specialists in their academic discipline who have used their language and intercultural skills in the real world. There is a strong focus on applied language skills, and we consider the study of culture integral to language learning; study abroad opportunities are available, as are work placements both in Britain and overseas.

Employability
We aim to train competent linguists in modern languages ready to enter the workplace. You will be able to improve your employability through language-related internships, voluntary opportunities and professional simulations, as well as a module on ‘Career Competencies for Linguists’ which all form part of the curriculum. Our graduates find employment as translators, interpreters and teachers, and in other sectors including law, marketing, journalism, the Civil Service, administration, international business and financial services.

Foundation pathway
We offer Foundations as a route onto some of our undergraduate programmes. For module information and any further details, please visit: westminster.ac.uk/foundation-courses

Our degree courses with Foundation year offer the opportunity to prepare you for advanced study before you progress onto a full honours degree at the University of Westminster. Whether you do not feel ready for degree-level study, don’t have the right qualifications, want to change your subject specialism or return to study after an absence from education, we aim to encourage a broad range of students to undertake our Foundation year in order to progress onto their full honours degree with us.

The Foundation year is designed to give you the opportunity to explore new ideas, opening up new perspectives on the key debates within your chosen field. Core modules accelerate your academic and professional development and you will also take modules from areas closely related to your chosen field, giving you the chance to develop a cross-disciplinary perspective on your course.

On successful completion of the Foundation year, you will be able to move on to the first year of your chosen undergraduate degree.
