Teaching on undergraduate courses is usually split into modules lasting either for the whole academic year or for one semester (half a year). The academic year normally starts in September and finishes in June. Each year includes three-week vacations at Christmas and Easter. The confirmed dates are published on our website at westminster.ac.uk/university-calendar

You will be notified of any changes to term dates in the pre-enrolment information. Information correct at the time of printing. For up-to-date information please check website.

WELCOME FROM THE VICE-CHANCELLOR

At the University of Westminster we have been offering practical education from the heart of London for 180 years, adapting to accommodate multiple revolutions in education, industry and technology for almost two centuries. In the last year we have had to be even more adaptable than ever and it is our progressive history, which fuels our mission to help students from different backgrounds fulfil their potential. This has enabled us to adapt quickly to new modes of working, while keeping our students' wellbeing and experience at the heart of what we do.

As a Westminster student, you will join our wonderfully diverse and international student community and will work in partnership with our academic colleagues throughout your learning journey, experiencing the excitement of new ideas, shared perspectives, work experience and travel opportunities, gaining the skills you need to excel in your future. You will also learn a great deal about your own passions and strengths and how to develop them further to improve your confidence and individuality.

At Westminster, we are leaders in teaching, research and engagement with industry. With over 180 industry partners, our connections and expertise will support you to become a work-ready graduate. The opportunities afforded you in addition to your academic curriculum will allow you to explore your personal skills and interests, creating the experiences that make university life fulfilling and memorable while enhancing your employability.

The courses we offer are dynamic and continually evolving, incorporating cutting-edge research, technological advancements and industry needs, ensuring that we provide you with the most relevant tools and knowledge required for your future career.

Our promise to all our students is that we will help you to develop your confidence, resilience and individuality, so that you are able to make the very most of your learning at Westminster and go on to find fulfilling work and richly contribute to society.

We look forward to welcoming you.

Dr Peter Bonfield OBE, FREng, FIET
Vice-Chancellor

WELCOME FROM THE STUDENTS' UNION

Hello and welcome from the University of Westminster Students' Union, better known as UWSU or just the SU! We are an independent charity organisation that sits within the University of Westminster, and our aim is to represent, support and empower the students of Westminster – YOU.

Being a student at the University of Westminster comes with some great perks – not only will you be at the heart of London amongst a diverse community of students and staff, you automatically become a member of the Students' Union which gives you access to some amazing benefits. Join a sport or society group, become a student leader, represent your peers on an academic level, participate in events and activities, apply for part time and volunteer jobs, campaign for change, seek academic or housing advice, and so much more!

Westminster students are at the heart of what we do; everything from running events to lobbying changes within the University, it's all to ensure that you have the best student experience. We want you to look back on your University days and reminisce over all the shared experiences with your mates and the achievements you've gained during your time at Westminster.

There's a lot more we would like to share with you that won't fit in this blurb, so follow us on Instagram, Facebook and Twitter @WestminsterSU for more up to date information on everything UWSU!

So, whether you'd like to get involved in our groups, start your own community or have any queries, please visit our website: www.uwsu.com. Alternatively, you can also email us at su-info@westminster.ac.uk

We hope you have an amazing experience at the University of Westminster, and we can't wait to share what we have in store for you!

LIVE AND STUDY IN THE BEST CITY IN THE WORLD

CULTURE

Choose to live and study in the best city in the world (that's the 2020 QS World University rankings talking, not just us). Westminster is a global university located right in the heart of the capital. Few cities can compete with London for its vibrant culture, limitless opportunities and world-renowned entertainment.

HISTORY AND FUTURE

London has an enthralling history - it's home to the world famous theatre, Shakespeare's Globe, the Magna Carta and four UNESCO World Heritage Sites. Walk the streets, soak up the history, create the future.

Check out *The Student Room* article, eleven best places to go out in London on a budget.

DIVERSITY

Feed your senses, smell and taste food from different cultures, listen to and learn other languages (more than 300 are spoken in London) and broaden your horizons. There's a whole world in just one city, your time living here will make you more knowledgeable, adaptable and worldly.

SOMETHING FOR EVERYONE

With over 800 cinema screens and art galleries, 200 theatres and 170 museums there's always something to do and see... and that's without even mentioning London's comedy clubs, shops, 17,000 live music performances every year and world-leading gyms. Oh, and if you want a break from the hustle and bustle, enjoy London's 66-square miles of green space – that's three times the size of Manhattan.

PROFESSIONAL PARADISE

London is the financial capital of the world. Live here and network with future employers. You can find work placements and internships that leave you with a phenomenal university experience and set you up for the future too.

Whatever your background, study in one of the most forward-thinking cities and thrive at a university that puts you and your career first by making London your home.

WHILE YOU'RE NOT STUDYING

AN INCREDIBLE CITY TO EXPLORE

However long you study with us, you'll never run out of things to do in London. Bustling streets filled with shops, museums, walking tours, live music and flashing lights – the city is electrifying. Here are just some of the things you can do in your time at Westminster.

Go and see some of the eight million objects on display at the British Museum that span more than two million years of human history (you'll be glad it's on your doorstep because you'll want to go more than once). And that's just one of hundreds of world-class museums.

Enjoy retail therapy. With some of the world's most famous shopping streets within walking distance from our central campuses (or a short tube ride from Harrow), London is a shopper's dream. The only problem will be choosing where to go. Will it be Oxford Street, Stratford, Convent Garden, Spitalfields or somewhere else?

Sports and fitness fanatics rejoice. Whether you want to go and watch live sport at the Emirates arena, the Olympic park or Twickenham stadium, it's all just a short hop away. Or earn your own endorphins by kayaking on the Thames, dancing at Pineapple studios, swimming in the Olympic pool at London Aquatic centre or going to disco yoga. If you're more outdoorsy, head to one of London's green spaces (and there's a lot of them), Hampstead Heath, Primrose Hill, Hyde park and so many more.

Go and watch some of the world's best theatre shows in London's West End, or experimental drama and dance in one of the 200 theatres scattered throughout the metropolis. Alternatively, roam the streets on a Jack the Ripper or Harry Potter walking tour.

We've barely touched the surface of incredible things to do and see in London... An entire world at your fingertips, or rather, on your doorstep.

HELLO JOB

CAREER GOALS

You're reading this because you want a degree, not just the piece of paper it's written on.

At Westminster, we promote real-world experience that will get you the skills, connections and knowledge to forge the career you want by preparing you for the future, not just exams.

Westminster is a place for firsts. It was London's first polytechnic in 1838 and now over 19,000 students from more than 169 countries study here. That's because we thrive on delivering transformational education to people from all backgrounds.

We know that degrees are a significant investment for you and we're determined to make sure that you reap the rewards by putting an emphasis on real world experience, where you can build connections and finish your degree with a job.

We provide you with a personal tutor who will get to know you as an individual and support you throughout your degree. While our careers and employability service work with an ever-growing, large network of external organisations providing job opportunities, work experience, events and professional insights. They can help you figure out what type of career would suit you and navigate the waters of the working world. Whatever your ambition, there's no better place than Westminster to get on the career ladder.

YOUR OPPORTUNITIES

- Gain professional skills with our network of recruiters and organisations
- Volunteer locally and globally in one of our cooperative international partnerships in over 40 countries
- Connect with professionals and get mentored by those in the know
- Attend our skills development workshops
- Explore our international opportunities and expand your personal and academic horizons by taking part in one of 86 exchange partnerships across 22 countries
- Learn a foreign language while you study through our Polylang programme
- Gain invaluable experience through placement opportunities

LONDON: BUSINESS AND GLOBAL GIANT

THE MELTING POT WHERE BUSINESS MAGIC HAPPENS

There are around 1.1 million businesses in London from leading national and multinational companies to the thousands of start-ups that pioneer global technology – think Deliveroo and Monzo to name a few. As the second financial capital of the world, London is powerful; it influences the global economy, population and culture.

It's a hub of trade and investment and it's the most connected city in Europe, which is why so

many businesses call it home. Combine that with it being the political capital, and you have the melting pot where business magic happens.

The limitless opportunities make it the best place to meet potential employers and gain valuable experience that will kick-start your career. Make the most of your time in this vibrant city, and invest in your future career. Have purpose, make Westminster your path to get there.

HOW WESTMINSTER HELPS YOU GET THE JOB YOU WANT

ANOTHER STRING TO YOUR BOW

WESTMINSTER EMPLOYABILITY AWARD

Employers want graduates with more than a degree. Boost your CV with the Westminster Employability Award, which formally recognises extra-curricular activities such as a part-time job or internship.

More information is available at:
westminster.ac.uk/employability-award

We provide other opportunities through:

STUDENT AMBASSADOR SCHEME

Earn money while gaining leadership and communication skills by advising students about courses, societies, sports and university life.

ENGAGE SERVICE

Provides crucial information to help you with your career including job listings, career fairs, networking events and example CVs.

Westminster offers so much in terms of achieving my career goals. The exclusive career events and the Westminster Employability Award are very insightful and have helped me to gain vital skills!

Zoha Ahmad
Accounting BSc Honours

LEARN A NEW LANGUAGE BROADEN YOUR SKILLS

Polylang is the University of Westminster's language programme. Learning a new (or getting better at an old) language will make you more employable, teach you about other cultures and enhance your general communication skills... and you can do it as part of or alongside your degree.

More than one thousand students choose to take part in the programme every year. We offer tuition in the following languages:

- Arabic
- Chinese
- French
- German
- Italian
- Japanese
- Russian
- Spanish

As an undergraduate student, studying a Polylang module might even count towards your degree. If your course structure doesn't allow you to choose Polylang, you may still be able to take a language module for an additional fee.

For more information, go to:
westminster.ac.uk/polylang

MODEL YOUR DEGREE

NOT EVERY DESTINATION IS REACHED VIA THE SAME JOURNEY

There are many different ways to get a degree. At Westminster we welcome applications from all candidates, whether you've recently completed A-Levels/BTEC or if you don't have any formal qualifications at all – as long as you can prove relevant professional knowledge and skills, you may still be able to apply for our courses. Once you do, you can shape your degree to suit you, with part time study or the option to add a sandwich year. Make it yours.

RECENT A LEVELS/BTEC/ACCESS COURSE

If you have recently completed or are in the process of completing your A Level/BTEC or access course/s apply for your place via UCAS.

PREVIOUS STUDY

If you've already studied part of a degree course elsewhere or have relevant work experience, you may be able to join a degree course part-way through (we call this advanced entry). This includes anything from a Foundation Certificate, CertHE, DipHE all the way to a Masters degree. If you'd like to request entry part-way through a course, make sure you state this clearly on your UCAS application form.
westminster.ac.uk/prior-learning

PREVIOUS WORK EXPERIENCE

You may be able to earn credits towards courses if you have previous experience which is not formally attested through any educational or professional certificate. It is important to note that it is the learning derived from the experience that is accredited, rather than the experience itself.
westminster.ac.uk/prior-learning

FOUNDATION COURSES

We offer Foundation courses as an alternative route onto some of our undergraduate courses. They are a way to gain a full honours degree if you do not meet the entry requirements or are returning to education after a break. They're offered as an integrated year of study and prepare you for learning at undergraduate level. After successful completion of the foundation year, often referred to as Year 0, you will progress onto Year 1 of your full degree course.
westminster.ac.uk/foundation

DEGREE APPRENTICESHIPS

Degree Apprenticeships are a new qualification that brings together the best of higher education and real world experience. You'll split your time between university study and the workplace, gaining a full Bachelors degree from the University of Westminster and a relevant professional registration while earning a salary, and getting on-the-job experience in your chosen profession.

westminster.ac.uk/apprenticeships

GET MORE EXPERIENCE

We put an emphasis on real-world experience, which is why many of our courses offer a sandwich year. Courses are then four-years long with the opportunity to work in industry for one year.

STUDY FLEXIBLY

Many of our students are able to study part-time, either by taking degrees, short courses or working to gain professional accreditation. Achieving a degree part-time usually takes up to four years (typically attending classes two evenings plus six to 12 hours of personal study each week during term time). Apply directly to the University via our website for a part-time course.

FURTHER STUDY

Many of our undergraduate courses offer a clear progression onto a Masters programme with us after completion. Go to our website to find out more about what we can offer.

Welcome to Westminster.

INTERNATIONAL EXPERIENCE

EXPLORE THE WORLD WHILE GETTING YOUR DEGREE

See the world, take in a new culture and hone in on your language skills by taking part in one of our exchange programmes. We have more than 86 exchange partnerships across 22 countries that will enable you to expand your horizons and live somewhere you've never been before.

GLOBAL EXPERIENCE

International experience options range from short international summer school opportunities and internships to full-year international work and study placements that provide credit to your degree. You can even volunteer overseas to help the environment or local community. Westminster offers a truly global education.

Independent research shows that students from all backgrounds who engage in overseas mobility during their studies are more likely to achieve a higher degree classification and be in a better job with a higher starting salary than those who don't go abroad.

For more information visit:

westminster.ac.uk/working-and-studying-abroad

LONDON IS OUR CAMPUS

Westminster is a global university located in the heart of London with vibrant campuses that inspire learning, while meeting your practical needs.

Our courses are taught across four London campuses – three in central London – all within walking distance of each other and a fourth in Harrow, north-west London, which is just a 20–30 minute tube ride away.

CAVENDISH CAMPUS

- A 5-minute walk from Oxford Street and Tottenham Court Road
- Subjects taught at the campus include Biomedical Sciences, Computer Science and Software Engineering, and Psychology

HARROW CAMPUS

- Based in north-west London, just 20 – 30 minutes away from central London by tube
- Subjects taught at the campus include Art and Design, Fashion, Film, Music, Photography and Digital Media

REGENT CAMPUS

Our Regent Campus comprises three sites in central London, all within a few minutes' walk of Oxford Street:

- 309 Regent Street – subjects taught at this site include English, Languages, and History
- Little Titchfield Street – our Law courses are taught here
- Wells Street – Criminology, Sociology, and Politics and International Relations are taught here

Our historic **Regent Street Cinema** – the birthplace of British cinema in 1896 – is located right next to our University headquarters at 309 Regent Street. Screenings include everything from film classics and blockbusters to a house and international films. And Westminster students get an exclusive 40% discount on regular tickets.

MARYLEBONE CAMPUS

- Within walking distance of both Regent's Park and Marylebone High Street
- Subjects taught at the campus include Architecture, Accounting, Finance and Economics, Business and Management, Property and Construction, and Tourism.

OUR FACILITIES

The University of Westminster is an exceptional place to study and learn. It's where history and innovation collide in the world's best city for students. We are continually investing and developing our facilities – over £65 million has been invested across the university's campuses in recent years to ensure that our technology is cutting edge and you get the best from your time here. Facilities and learning spaces include:

1. Libraries are equipped with an extensive collection of books, journals, DVDs and other specialist materials. You can choose from a variety of study space options across our library sites. Our specialist staff work with academic colleagues to develop physical and online collections to meet your study and research needs and help you to use them. IT software and equipment, including Windows laptops and MacBooks are available
2. The University has its own archival collections, including the Westminster Menswear Archive. Our Records and Archives team will support you in using these and the many other archives available in the London area
3. Purpose built art, design, photography, multi-camera film and TV studios
4. 13 world-class audio recording studios
5. Our digital Fabrication Laboratory offers a range of 3D printers and laser cutters and we have invested in virtual reality kit too
6. State-of-the-art scientific laboratories
The psychology department has recently been revamped including £2.2 million award-winning laboratory spaces
7. Dedicated Architecture studios equipped with state of the art facilities and the latest equipment and software after a £5.2 million refurbishment
8. We are also one of the few universities in the UK to offer access to Bloomberg Financial Markets Suites
9. Our Regent Street gym is equipped with all the machines and weights you could wish for and you can take part in classes such as Zumba, Pilates, TRX and Boxfi

STUDENT ACCOMMODATION

HOME SWEET HOME

Living away from home for the first time can be daunting but living with other students, close to university will help you feel right at home. Common rooms and shared kitchens make living in halls a sociable experience that's about more than having a place to rest your head at night.

You can apply for a place at our Harrow Hall or halls of residence provided by our partners.

You can check out our cutting-edge Virtual Reality tours (available in seven other languages) at our Open Days or on our website. westminster.ac.uk/open-days

HARROW HALL

For students who are predominantly based at our Harrow Campus – the complex consists of self-contained units arranged in small, purpose-built, low-rise blocks, all surrounded by clean air and green lawns.

ALTERNATIVES

Westminster works in partnership with several high-quality private hall providers who offer accommodation across London so there are plenty of options if you wish to live closer to our West End campus. There are also private house-share opportunities throughout the city, and our Student Accommodation Team can help you to find suitable properties.

For more information go to:
westminster.ac.uk/accommodation

WESTMINSTER AND YOU

WELLBEING AND SUPPORT

While we hope you'll thrive during your time at Westminster, we know that sometimes life gets in the way. That's why we have an incredible support network that can help you when you need it most. Be it counselling, financial advice or help with a disability.

LEARNING SKILLS

Our team can support you in developing academic skills such as essay writing or giving presentations through one-to-one sessions and skills workshops. We also offer our students access to free courses in Microsoft Office and Adobe applications.

DISABILITY LEARNING SUPPORT

If you have a Specific Learning Difficulty (such as dyscalculia, dyslexia, dyspraxia, ADHD), or a long-term mental health problem, chronic medical condition or any other disability, we can provide support.

STUDENT ADVICE

We offer practical information and professional advice on a range of issues including student finance entitlement, welfare benefits and money management. We provide immigration and visa advice to EU and international students, and advice on other general issues such as working in the UK. We offer additional support to students who have been in care and students who are estranged from their family.

COUNSELLING AND MENTAL HEALTH ADVICE

Talk confidentially to our professional counsellors and mental health adviser if you experience personal and study difficulties. Support is available on an individual and group basis while workshops are also available throughout the year to help you manage university life.

STUDENT WELLBEING

Our aim is to support you during your studies to function well, engage and enjoy your personal and academic journey. Our wellbeing advisers can provide confidential information and advice on a range of topics: general wellbeing, homelessness, healthier lifestyles, accessing University and external support services including mental health, counselling and sexual health services.

FAITH AND SPIRITUALITY

The Faith and Spirituality team are here to encourage all students and colleagues to explore their sense of spiritual wellbeing as part of our grounded, holistic education. We offer a compassionate space to contemplate together in the spirit of openness and honesty. We provide opportunities for confidential contact on occasional or regular basis, especially in times of difficulty.

CAREERS AND EMPLOYMENT

Our Careers and Employability Service can help you throughout your studies and for up to three years after graduation. We can also support you to find part-time work on campus, work placements, volunteering opportunities and industry mentors.

THE WESTMINSTER WORLDWIDE WELCOME

FEEL WELCOME, NO MATTER WHERE YOU'RE FROM

Westminster has one of the most diverse and international student bodies of any university. We speak over 150 different languages and we are experienced in giving students the help and support they need to feel welcomed to the buzzing capital and to life at Westminster.

Moving to another country can be daunting. We know that when you first arrive in the UK you may be unfamiliar with aspects of life and study. Westminster will help you settle in before you even arrive.

A wide ranging programme of events will introduce new International and European students to living and studying in the UK. It gives you the chance to meet fellow new students and Westminster staff, find your way around the University and London, learn about our facilities and services, and talk to our current International and European students.

You can sign up for a wide range of additional courses to support you during your studies, including training and study skills, and Academic English.

We have a pre-session English programme and an International Foundation course available if you require further preparation before beginning your studies at Westminster.

For more information visit
westminster.ac.uk/international

international outlook

STUDENTS' UNION

STUDENTS' UNION – OUR WELLBEING, OUR VOICE, OUR COMMUNITY

The Students' Union is your union, run for students by students. It looks after your needs and fights for your rights, completely independent of the University. You can get involved right from the moment you start at Westminster.

The list of societies, sports teams and clubs you can join are almost endless. Join one of our sports team and become a Dragon or get involved in any of the societies – from debating, anime or the feminist law society. There is also an opportunity to broaden your experience in media by joining the award-winning Smoke Radio and TV, the QH Newspaper, and Smoke Magazine.

If you can't find a society that caters for your particular passion, no problem! UWSU can help you to set up your own group and you can build a community of like-minded individuals. After all, the university has been pioneering since it was set up in 1838, and so it's up to you to carry on the tradition.

Anyone can get involved in any of our societies, regardless of past experience, and it's a great way to gain skills, build your CV and network with like-minded people!

For more information visit www.uwsu.com

GRADUATE TO JOIN THE EXCLUSIVE CLUB

Once you graduate from Westminster you become part of our exclusive alumni network along with other former students.

WESTMINSTER UNITES PEOPLE

Your connections and friendships will make a significant impact on your time at Westminster... and after it. Benefit from excellent industry links and join our diverse network of over 180,000 alumni from 180 countries.

As an alumnus, you will be entitled to a number of benefits and services including discounts on further study, dedicated careers support, invitations to networking events in the UK and overseas, access to an exclusive online networking platform, and other professional development opportunities.

To find out more visit: westminster.ac.uk/alumni

OUR CONNECTIONS

Listing an undergraduate qualification from Westminster on your CV is just the beginning. You'll also be able to develop professional skills and experience to help you stand out from the crowd.

Our world-class location means you can network and work with global and national companies – many of their headquarters are based in London.

Recent opportunities for our graduates have included:

- Amazon
- BBC
- Deloitte
- Harrods
- HSBC
- IIT
- Microsoft
- NHS
- Pearson
- PwC
- Transport for London

A number of professional associations accredit, approve or recognise undergraduate degrees across our portfolio. Good news once you graduate because these accreditations are quality assurance for employers that you've qualified to industry standards as a graduate.

These include:

- Architects Registration Board
- Association for Nutrition
- Association of Chartered Certified Accountants (ACCA)
- Bar Council
- Bar Standards Board
- British Psychological Society
- Chartered Association of Building Engineers
- Chartered Financial Analysts (CFA)
- Chartered Institute of Building
- Chartered Institute of Linguists
- Chartered Institute of Management Accountants
- Chartered Institute of Marketing
- Chartered Institute of Personnel and Development
- Chartered Management Institute
- Health and Care Professions Council
- Institute of Biomedical Science
- Institute of Direct and Digital Marketing
- Institute of Translation and Interpreting
- Royal Institute of British Architects
- Royal Institution of Chartered Surveyors
- Royal Society of Biology
- Royal Town Planning Institute
- ScreenSkills
- Tourism Management Institute

OPEN DAYS

DISCOVER WESTMINSTER, DISCOVER YOURSELF

Open Days are the perfect opportunity to find out everything you need to know about studying at the University of Westminster. Whether visiting us online or at one of our campuses you will be able to:

- Chat with our academic staff and attend subject sessions to learn more about the courses we offer
- Find out more about our excellent facilities
- Take a virtual reality tour of our student accommodation or visit our student halls in person

Our online and on campus Open Days are interactive events. During which staff will also be on hand throughout the day to answer any questions you may have about:

- Student finance
- Admissions process – How to apply
- Careers and Employability
- Accommodation
- Study/ work abroad
- Disability Learning Support
- Wellbeing

A photograph of a large yellow banner hanging from a pole against a blue sky with white clouds. The banner has the text 'UNIVERSITY OF WESTMINSTER' at the top, 'OPEN DAY' in large bold letters in the middle, and 'WEAREWESTMINSTER' at the bottom.

Courses which are accredited or recognised by an established professional body.

ACCOUNTING AND FINANCE

Westminster is an innovative and leading provider of financial education in the centre of London, a financial capital of the world for educating future talent and shaping the global economy. In a global digital world, we have adopted an ambitious and progressive approach to add expert digital finance and Fintech skills to our courses where a large skills gap has now emerged. We aim to prepare you for the digital and technological changes that face the financial services sector.

Our teaching is designed to future proof our graduates for successful global careers. Our practical and relevant courses have strong affiliations to professional bodies to give you a sound understanding of core financial, accounting and business concepts as they are applied today. You'll have access to the Bloomberg platform, one of the leading financial markets suites, to make informed decisions about financial and business problems as you would in industry. The experience you gain will open up opportunities in areas such as financial and management accounting, commercial and investment banking, financial risk management, wealth management, FinTech and financial planning.

ARCHITECTURE, INTERIORS AND URBAN DESIGN

Westminster is one of the largest providers of architecture and interior education in the country.

At the heart of our courses is a rich choice of vibrant Design Studios, where you will experience hands-on teaching in small groups from current practitioners. These studios will develop your imaginative design thinking, your skills to work under both intuitive and practical conditions, and they reflect London's dynamic architecture scene. You'll benefit from your own dedicated, modern studio space to work in, and use our cutting-edge Fabrication Laboratory including advanced digital making processes such as 3D printing, CNC cutting, routing and milling, as well as robot fabrication.

By choosing Westminster, you'll benefit from our strong connections with practice and regular contact with professional bodies including the Royal Institute of British Architects (RIBA) and the Architects Registration Board (ARB) so your degree will be internationally recognised wherever you go.

ART, DESIGN AND VISUAL CULTURE

At Westminster, we prepare you not just to enter the creative industries but to shape and lead them. In a world where creativity counts and imagination is the key to success, you can be inspired by the creative opportunities and people around you. The Westminster School of Arts includes film makers, photographers, musicians, fashionistas, artists and creative entrepreneurs, as well as facilities to engage with the digital world and talented lecturers to guide the way. It is a creative hothouse of international quality.

Our courses reflect the fast-changing opportunities in art, design and new media. By choosing Westminster, you will have the opportunity to work in generous dedicated studios, supporting both traditional and high specification digital technologies central to a wider range of art and design practices, knowledge and understanding. All while based in London's exciting cultural and creative environment.

From exhibiting, curating, writing, animating, filming, editing, directing, designing, researching or teaching our graduates succeed in all areas of the creative industries.

BIOLOGICAL AND BIOMEDICAL SCIENCES

At Westminster, you will develop practical and professional skills under the guidance of staff who have an international reputation for tackling key challenges in health and medical sciences. Our courses are informed by employers, our research and collaborations with national and international institutions to meet the needs of industry, research or further study. We are proud of our degree courses in Biological and Biomedical Sciences, and our distinctive degree pathways; all of which are accredited with the Royal Society of Biology. Our new Medical Sciences BSc takes a global outreach approach and provides an alternative route on to a medical degree and career.

Choosing Westminster, you will enjoy being part of our vibrant research culture, and with more than £30million invested in equipment, state-of-the-art learning spaces and laboratories, you will benefit from our cutting edge and innovative teaching and facilities. Our courses will develop you into a workplace and research-ready scientist with the employability skills, career ambitions and commercial inspiration that will be needed to face the global health care and environmental challenges that face us in the coming decades.

BUSINESS AND MANAGEMENT

With our wide range of Business Management courses, you'll have the opportunity to choose the one that's right for you. You can decide to specialise in a particular area like Marketing, Digital Business, Economics, Entrepreneurship or Human Resource Management. You can also combine your Business Management studies with a language to give yourself an edge in the workplace.

We're focused on creating graduates who are ready for the world of work, that's why practical experience is at the core of your learning. You can add a year-long industry placement to your course and benefit from gaining real and relevant hands-on experience. Based in the heart of the capital, you'll have endless opportunities to network and get to grips with what industry is really like.

COMPUTER SCIENCE AND ENGINEERING

We offer a wide range of specialist courses in Computer Science, Games Development, Data Science, Software Engineering, Network Security and Smart Computer Systems. Our Computer Science BSc offers a solid background in software development and allows you to study a blend of these themes.

You'll have access to excellent resources and teaching facilities including over 30 fully equipped computer, games and virtual reality laboratories. You will also have the chance to undertake a year-long industry placement. From computer programmers to systems analysts and games creators, our graduates flourish in business, commercial and entrepreneurial sectors.

CONSTRUCTION, SURVEYING AND REAL ESTATE

We offer interdisciplinary education in Project Management, Chartered Surveying, Real Estate, Construction Management and Digital Business.

You'll study the design, construction and operation of organisations, buildings and places within which people and communities live. As well as engaging with live industry projects you'll build your knowledge and skills through site visits, field trips and practical workshops using specialist equipment and the latest technologies to bring learning to life. We are in the centre of one of the world's greatest cities and use this vibrant, multicultural setting to explore innovative solutions to the problems facing our world.

CRIMINOLOGY AND SOCIOLOGY

Criminology and sociology draw on a wide range of human and social science disciplines to explore the key issues of our time – race, gender, immigration, crime, social injustice and youth unemployment for example – and help you to answer critical questions about society in the UK and beyond.

Our friendly and supportive teaching, assessment methods and wide range of specialist optional modules are designed to bring out your strengths and hone your research, analytical and communication skills. We take London both as an inspiration and a learning environment – whether it's the workings of the BBC or the Old Bailey, migration patterns to the East End or real-life case studies, we give you the tools to do your own practical research and exploration in one of the most exciting cities in the world. We also make the most of our outstanding professional links and location to help you gain valuable work experiences. All of which means you have a competitive advantage in launching your career once you graduate.

DATA SCIENCE AND INFORMATICS

The extensive use of social media networks and the Internet of Things are generating a massive amount of data. Our courses will give you the analytical, technical and data visualisation skills to convert big data sets into valuable insights that support effective decision making. You will be guided through the study of mathematics, statistics, computing and the business environment to understand the basic principles and technologies required in the exciting new field of data science and analytics.

You will learn how to apply your knowledge to real-world problems by working on short-term projects, often set by an external partner. There are also opportunities to undertake a year-long industrial placement.

As a professional who can process, understand and present information in an accessible way, you will play a vital role in a wide range of organisations from start-ups to major corporations, government departments and other public sector bodies.

ECONOMICS

If you are interested in understanding real-world issues such as employment and productivity, the business environment and government policy, the study of Economics is for you. It will give you the tools to analyse how economic issues impact small businesses through to how decisions are made by countries and governments.

Our practical and inclusive teaching will help you develop the ability to apply economic reasoning to solve business problems and to contribute to the design and implementation of economic policy. You will learn to apply this reasoning, while recognising the relevant social, ethical and environmental context in which decisions are made. Economics graduates have highly sought-after skills for careers in business, finance, the social economy and the public sector.

The University of Westminster has close links with the Society of Professional Economists and the Government Economic Service.

ENGLISH AND CREATIVE WRITING

With over one billion speakers worldwide, the study of English enables you to make connections and unlock cultures around the globe. Choose to study English Language, Literature, Linguistics or Creative Writing in their social, cultural and historical contexts or combine your study with other subjects according to your interests. You will develop key transferable skills including effective communication, collaboration, critical thinking and research. You will often be taught in small seminar groups and tutorials to give you individual support and the unrivalled library, cultural and archive resources of London are an integral part of each course.

At Westminster we place particular emphasis on employability. You will have the opportunity to complete a work placement, internship or to study abroad at a partner university. Our graduates go on to careers in the creative industries, publishing, journalism, teaching and graduate roles in many other sectors.

FASHION

The University of Westminster has a world-class reputation for producing both highly creative fashion designers and commercially minded fashion business professionals. Design graduates include London Fashion Week designers Robyn Lynch, Roberta Einer, Claire Barrow, Liam Hodges and Ashley Williams. As well as Stuart Vevers, Creative Director of Coach, and Christopher Bailey CBE, former Chief Creative Officer of Burberry. Fashion business and marketing graduates can now be seen in senior executive roles in many of the world's leading fashion and retail marketing businesses.

Based at our Harrow Campus, you will work alongside students from film, photography, music and journalism, in a unique hothouse of creative opportunity. All our Fashion courses have an exceptional reputation for being aligned with the international fashion industry, giving you outstanding opportunities to engage with the industry throughout your course. We specialise in enabling you to become either a highly original and individual creative designer or an industry savvy professional, capable of working at the highest levels of the international fashion industry.

FILM AND TELEVISION

Westminster is globally recognised for our degrees in Film and Television, with our practical courses and industry standard facilities allowing you to build your portfolio and hone your skills for a rewarding career in the media industry. You will benefit from access to quality camera and location equipment, professional film, TV, sound and editing suites and state-of-the-art purpose-built studios. Our location also provides easy access to industry leaders in London, giving you plenty of opportunities for networking and gaining experience.

Creative collaboration is at the heart of our courses and you will work in industry-size production teams as well as on your own individual projects. Our courses are endorsed by ScreenSkills, the skills body of UK's screen-based creative industries and will provide you with the industry-relevant teaching needed for a successful career.

HISTORY

In our History courses, you will explore the driving forces which have helped to shape the modern world, including revolution, nationalism, democracy and imperialism. Your studies will have a focus on the many different social, political and cultural histories of Britain, with comparative study of wider global history. These stimulating courses are delivered through a varied programme of lectures, seminars, tutorials, field walks, museum visits and archive tours. You'll unearth revealing insights about the subject and be encouraged to think about the role of the historian and how the past is remembered.

London is our classroom and we will help you to appreciate the extraordinary history of this great city. You'll explore the streets of the capital, learn how to conduct your own research in London's unique archives, and graduate with the skills in problem-solving, communication, research and critical thinking that are valued by employers. Our graduates are ready for a career in the media, education, the Civil Service and the Law – or prepared for research and further study.

My favourite experience whilst studying History at Westminster was a visit to the National Archives where I was able to examine first-hand the primary source I wished to base my Portfolio project on

Anna Goode, History BA Honours

LANGUAGES

We aim to train competent linguists in modern languages who are ready to enter the workplace. Our courses are designed to develop your knowledge, use and understanding of language and culture, along with the skills needed for effective communication in the global environment. You will also explore the key influences which shape how ideas are formed and communicated.

The courses are delivered through a combination of formal lectures, seminars, practical workshops, guided self-study, exposure to professionally relevant simulations and real-work placements. You will have the opportunity to spend a full academic year abroad at a partner institution or in approved employment. Our graduates find employment as translators, interpreters and teachers, and in other sectors including law, marketing, journalism, the Civil Service, international business and financial services.

LAW

With its Law Courts and top legal employers, London has the largest concentration of legal expertise in the world. Westminster Law School offers undergraduate, postgraduate and professional courses to support you through your whole journey to becoming a legal professional in a supportive learning environment.

With a vast range of optional modules to choose from you can personalise your learning to focus on areas of law that really interest you. For example, you can specialise in entertainment and media law, commercial law, international law, human rights law, criminal law and justice, or welfare law.

We offer you the opportunity to practise in a real-world environment, you can choose to do a work placement with a law firm and could develop your legal skills at the Westminster Law School Legal Advice Clinic. You will also have the chance to study abroad and the option to learn a foreign language alongside your studies. Learning modules are available in every year of the course to boost your employability.

MARKETING

We can help you prepare for a fast-paced, creative and rewarding career in Marketing. Whether you want to explore digital marketing, international marketing and strategy development or focus on advertising, PR and management, you'll be sure to find a course that suits you.

All of our courses aim to develop your awareness of contemporary marketing practice and the interaction with the other functional areas of business. You'll walk away with the knowledge, skills and practical experience you need to pursue opportunities with national and international organisations in areas such as strategic marketing planning, market research, marketing communications and brand management.

MEDIA AND COMMUNICATION

The way we communicate is changing rapidly and we want to equip you with the skills you need for a career in today's fast-moving media industries. Whether your passion lies in digital, traditional or emerging media, you will develop practical skills at the same time as studying essential theoretical frameworks to become a rounded and adaptive professional. Our course teams are made up of industry experts and internationally renowned academics from our world-leading Communication and Media Research Institute (CAMRI).

You will have access to our on campus, industry-standard newsrooms, TV and radio studios. We encourage our students to gain hands-on experience through work placements, writing for the student newspaper or getting involved with our award-winning Smoke Radio station. Recent graduates are working at the BBC, CNN, BuzzFeed, The Guardian, Kiss Radio, Ogilvy & Mather, Mischief PR, The Royal College of Art and McKinsey Consulting.

MUSIC

From DJs to producers, performers, songwriters, entrepreneurs and thinkers we attract some of the most talented students who go on to shape the music industry. This course covers all areas of the industry, preparing you for a successful and sustained career in music. You will be taught by professionals ranging from composers and performers, to promoters, audio experts, producers, lawyers and artist management specialists. The expertise of our team opens up an exciting range of networking opportunities and brings in guest lecturers from all areas of music. You will also get to record, produce and perform your own original music in our industry standard recording studios and performance spaces.

Teaching takes place at our Harrow campus, home to the School of Arts and School of Media and Communication. Being a part of this creative hub allows you to collaborate and work alongside artists, directors, fashion designers, photographers and journalists, as well as our award-winning Smoke Radio station.

Westminster's Spotify playlist

From Sigala to Michael Kiwanuka, Jamie Woon to Rudimental, we have created a Spotify playlist that brings together highlights from our talented and influential students.

All tracks are either performed, written or produced by Westminster music students and alumni. Head over to Spotify for a listen!

NUTRITION AND PUBLIC HEALTH

Our dynamic Human Nutrition course integrates knowledge from diverse areas, such as biochemistry, psychology, public health and exercise, to present a unified view of this all-encompassing subject and its applications. The course is accredited by the Association for Nutrition and employability is a core component throughout the course. You will have yearly opportunities to build upon vital practitioner skills allowing you to access a range of graduate jobs related to nutrition, public health and exercise.

You will learn how to be a scientific practitioner by applying key principles of nutritional science from a cellular perspective, the physical responses of the human body, and changing behaviour to improve an individual's health. The course is taught through a mixture of face-to-face and online teaching through tutorials, group activities and independent study. Westminster's lively research culture informs our teaching and is reflected in our curricula specialising in both Global Public Health Nutrition and Sport and Exercise Nutrition

POLITICS AND INTERNATIONAL RELATIONS

Westminster is recognised internationally for our innovative teaching and research in Politics, International Relations and Development, using an integrated approach for understanding all aspects of politics at a global level. You'll develop the ability to think critically about national and international politics, preparing you for a variety of career paths. From conflict to democracy, you'll get to grips with current events and understand the core factors affecting them. The latest political thinking will challenge your preconceptions of identity, justice, power, political economy, diversity, and ethics.

The student experience is at the heart of everything we do. We are in the centre of one of the world's greatest cities and we use this vibrant, multicultural setting to ensure that our students discover innovative solutions to the problems facing our world.

PSYCHOLOGY

By choosing Psychology at Westminster, you'll be joining a vibrant community marked by research, collaboration and inclusion. You'll be based in the heart of London with all its social diversity and with access to a huge range of library, archive and cultural resources. You'll have the option of specialising in modules that cover the full breadth of psychology and offer you a unique learning experience.

We're focused on creating graduates who are ready for the world of work, that's why practical experience is at the core of our teaching. You'll be able to take an optional work placement year, giving you the opportunity to gain workplace experience in a psychology or cognitive and clinical psychology-related setting in the UK or abroad.

TOURISM AND EVENTS MANAGEMENT

Where better to study tourism and events than in the heart of central London, one of the most popular destinations in the world? Building on 25 years' experience of tourism and events education and research, our courses take advantage of our central location and local, national and international professional networks to prepare you for a career managing tourism experiences and events across all sectors.

You will study topics ranging from hospitality and event management, to marketing for tourism, as well as the political and societal impacts of tourism. We strongly believe field trips make a huge difference to understanding how to apply your learning to the real world. So, as well as visiting central London hotels, event venues, attractions and cultural sites, our tourism and events degrees offer annual residential field trips to destinations both in the UK and abroad.

ESSENTIAL INFORMATION

We're here to help.

In this section you'll find information on:

- How to apply
- Fees and funding
- Advice for International students
- Our policies, terms and Student Charter
- Support we can offer (before and during your studies)
- How to find us

Any further questions? Please contact us on **course-enquiries@westminster.ac.uk** or visit us at our next Open Day.

HOW TO APPLY

For full-time courses you must apply online via the Universities and Colleges Admissions Service (UCAS), at ucas.com

If you are resident outside the UK, you can get advice from your school or college, or one of the University's official representatives, at westminster.ac.uk/international

We also have teams based in Beijing, Guangzhou and Delhi who can support you through the application process.

If you are a mature applicant and a resident in the UK, you can seek advice from careers organisations. Please feel free to contact us.

If you are applying for a part-time degree, you should apply directly to the University online at westminster.ac.uk

T: +44 (0)20 7915 5511

E: course-enquiries@westminster.ac.uk

ENTRY REQUIREMENTS

You will find a summary of the entry requirements for each course on the relevant course page of this Prospectus. For further information please refer to our website or the UCAS website. As well as qualifications, we will look for additional evidence of suitability for a course; if your qualifications or experience indicate that you are more suited to a Foundation-level course at Westminster or an associated institution, you will be advised of this.

A LEVELS AND GCSEs

A Levels

We consider each application on its merits. In addition to A Levels, we also consider GCSEs, personal statement and reference when making an academic decision.

GCSEs

We require GCSE in English Language for all courses (and Science or Double Science where specified).

Standard entry requirements

At Westminster, we accept a range of level 3 qualifications including:

- GCE A Level
- BTEC
- Scottish Certificate of Education
- Irish Certificate of Education
- HNC/HND
- Access to HE Diploma
- Foundation Course
- International
- Welsh Baccalaureate

Please note that we are happy to consider applications that reflect a mixture of Level 3 qualifications either passed or being taken as long as they are equivalent to our standard entry requirements. For example, we would consider a combination of A Levels and BTEC Level 3 qualifications equivalent to three A Levels or a BTEC Extended Diploma.

INTERNATIONAL ENTRY REQUIREMENTS

We have extensive experience in evaluating non-UK qualifications. For country-specific information, please visit westminster.ac.uk/international

E: course-enquiries@westminster.ac.uk

INTERNATIONAL VISA REQUIREMENTS

Before you apply for your visa you must have accepted our unconditional offer of a place and have a Confirmation of Acceptance for Study (CAS) from the University of Westminster. The CAS is a unique reference number which confirms that you will be studying at Westminster. You will need this number for your visa application form. Your CAS will be issued once you have paid the minimum deposit towards your tuition fees. Further information about the deposit can be found on our website.

westminster.ac.uk/international-student-deposits

If you need to apply for a student visa in order to study with us then please read the information on our website at westminster.ac.uk/visas

If you are a prospective student looking for information about Undergraduate or Postgraduate courses and fees, contact the Course Enquiries Team.

T: +44 (0) 20 7915 5511

E: course-enquiries@westminster.ac.uk

LANGUAGE REQUIREMENTS

If your first language is not English, you will need a minimum IELTS of 6.0 overall with 5.5 in each component, or a Westminster recognised equivalent. For some courses the minimum IELTS score will be higher, so please check individual course entries. These minimum scores may change if English requirements are increased by the UK Visa and Immigration Department. We offer pre-sessional summer programmes if you need to improve your English before your course; see p121. westminster.ac.uk/eff

ADMISSIONS POLICY AND GUIDES

Our Admissions Policy and Guides are available on our website. The guides aim to provide applicants with information on how we process applications and make decisions as well as, for example, how to make a complaint if something has gone wrong during the pre-application and application process. You will also find the terms and conditions for students once enrolled at the University.
E: admissions@westminster.ac.uk

INTERVIEWS

For many courses a decision will be made on the basis of your application form alone. However, for some courses the selection process may include an interview in London or by Skype, usually between December and April for full-time students, or March to early September for part-time students.

STUDENTS WITH DISABILITIES

We encourage applications from people with disabilities, long-term health conditions and Specific Learning Difficulties (dyslexia, dyspraxia, dyscalculia and ADHD).

The University of Westminster values the contribution disabled students make to its diverse community and admits its students on academic merit alone. However, for individual disabled students, it is important that we establish the reasonable adjustments possible and required to minimise the impact that their impairment might have on their studies.

If you have a disability, long-term health condition or Specific Learning Difficulty, please indicate this clearly on your application form. This will allow us to contact you as soon as you have been made an offer.

Determining an appropriate support package and applying for all sources of support, internal and external to the University, can take some time (eight weeks on average). A late disclosure of a disability may delay your support or make it impossible to put in place. Therefore, we are keen to hear from you as early as possible in the application process to avoid a deferral of entrance and disappointment.

For more information on the disclosure process and support available, please feel free to contact our Disability Learning Support team.
T: +44 (0)20 3506 8800
E: DLS@westminster.ac.uk
westminster.ac.uk/disability

NOTES FOR APPLICANTS

We will answer any enquiries you may have concerning application, fees, registration or transfers from other institutions, although many of your questions will be answered in this Prospectus, on our website, or in the UCAS Guide for Applicants. While courses are offered as described at the time of going to press, sometimes revisions are made, mainly to ensure our courses are kept up-to-date. We will only cancel a course if it is unavoidable and will keep applicants informed of any major changes. There is no guarantee that courses that are undergoing validation will be approved.

Some modules, internships or work-placements, and campuses may also be impacted by COVID-19 restrictions and/or Government regulations.

TERMS AND CONDITIONS

Our Terms and Conditions are available via the course pages of our website. A link to

download these terms is also provided as part of your offer of a place at the University.

HEALTH AND SAFETY

The University complies with the requirements under Section 3(i) of the Health and Safety at Work Act 1974. The University has a responsibility to the student and the public visiting the site, but the student has a responsibility to conduct himself/herself so as not to endanger his/her own health and safety, or the health and safety of others.

The University has a legal obligation to keep a record of all accidents that occur on its premises, and students involved in any accident, however slight, are required to report the circumstances immediately to a first aider, safety contact or their supervisor.

DATA ACCESS

We take care to ensure the confidentiality of your application information. All details are held on the University computer system for internal administrative purposes and the compilation of statistics. However, if requested, we may provide information to UCAS, local education authorities, police forces and government departments (eg UK Visas and Immigration).

To request any personal data we keep on file about you, please contact us.

E: dpa@westminster.ac.uk

If you prefer, you can write to the Information Compliance Team, University of Westminster, 309 Regent Street, London W1B 2HW
westminster.ac.uk/data-subject-rights

FEES AND FUNDING

Student Finance England provides loans for higher education fees and living costs if you live in England and meet the residency conditions. Providing you are studying an eligible course, and this is your first time studying a higher education qualification, you will not have to pay your tuition fees up front if you qualify for funding.

The fee loans are not means tested, so you do not need to provide information about income levels. Maintenance loans, for your living costs, however are assessed on your parents' income unless you are 25 or over, or if you qualify as an independent student. Loan repayments will start the year after you graduate or leave the course, and only when your salary reaches £26,575 or more.

UK (Home) students – applying for student finance

You do not need a confirmed place at university to apply for student finance. It's best to apply as early as possible even if you are not sure which university you will be going to. Please see [gov.uk/student-finance](https://www.gov.uk/student-finance) for guidance on the application process, eligibility and support available.

You can use the student finance calculator to estimate:

- student loans
- extra student funding, eg if you are disabled or have children or an adult dependant.

Please also see our website for further information regarding other support available.
[westminster.ac.uk/fees-and-funding](https://www.westminster.ac.uk/fees-and-funding)

Confirmation of your registration at Westminster, and tuition fee payment

When you enrol at university you will need to bring your Student Finance Entitlement letter to show that your loans have been approved, and that the University of Westminster is shown as your place of study. You can also input your Student Support Number (from your entitlement letter) as part of the online enrolment process so that the University can send confirmation of

registration to Student Finance England in order to release your maintenance loan payments. The Tuition Fee Loan will be paid directly to the University once your attendance at the University is confirmed. If you are unable to provide your Student Support Number at enrolment, please ensure you contact studentfunding@westminster.ac.uk to provide us with this number.

University of Westminster Scholarships

The Scholarships Office offers a range of scholarships for both UK/EU and international undergraduate and postgraduate students. To be eligible to apply for a scholarship, you must first have been offered either a conditional or unconditional place on a course. Successful applicants are chosen on the basis of various criteria including academic merit and financial need.

University of Westminster UK undergraduate fees

Undergraduate fees for UK students who meet the residency requirements are regulated by the UK Government. In September 2020 our tuition fees were £9,250 a year. For the latest information please visit our website.

University of Westminster international undergraduate fees and processes

Latest details of undergraduate international fees can be found on our website. As an international student, you will be asked to pay a deposit towards your fees when you accept your offer of a place to study with us. We will then issue you with a Confirmation of Acceptance of Studies (CAS) which you can use to apply for your visa. We have a team of visa advisers who can help you through this process. Please read the full deposit information at:
[westminster.ac.uk/international-student-deposits](https://www.westminster.ac.uk/international-student-deposits)

If you are an EU passport holder and unsure if you require a student visa please visit our website for the latest information at [westminster.ac.uk/visas](https://www.westminster.ac.uk/visas) or [gov.uk/student-visa](https://www.gov.uk/student-visa)

COURSE STRUCTURE AND ROUTES TO STUDY

COURSE STRUCTURE

Bachelor of Arts (BA), Engineering (BEng), Law (LLB), Music (BMus) and Science (BSc) degrees normally last three years full-time, or four years if you take a work/industrial placement year, or a year abroad. Undergraduate courses are modular and are taught over two semesters each academic year. Each module has a credit rating, and you gain credits for modules that you successfully complete. You continue to accumulate credits until you have gained enough for the award; an Honours degree requires a minimum of 360 credits.

At each credit level, you can choose from:

- core modules that must be studied
- option modules, where there is a choice within your subject area
- elective modules, where your course allows, giving a choice from outside your main subject area.

If you have recently been studying at another institution you may be able to take a course at Westminster with credits already gained.

FOUNDATION PATHWAY

We offer Foundations as a route onto some of our undergraduate programmes. For module information and any further details, please visit: westminster.ac.uk/foundation

INTERNATIONAL EXCHANGE PROGRAMME

We have a broad network of partnerships throughout the world, offering you the opportunity to study at one of our partner universities. You can go on a student exchange programme for one semester or, if your course allows it, a whole year.

westminster.ac.uk/westminster-abroad

PROFESSIONALLY ACCREDITED AWARDS

Courses in many of our core disciplines are accredited by professional bodies to allow exemption from exams following graduation, or to certify that the standards required for

professional practice have been met. The criteria of the different bodies change from time to time, and if the University can give prior notification before the start of the academic year, you will be advised of changes that may affect your course.

PROFESSIONAL DEVELOPMENT COURSES

We offer an extensive range of courses to support your professional development. You can sign up to update your skills, build your network and gain additional professional accreditations.

westminster.ac.uk/professional-and-short-courses

RECRUITMENT AND OUTREACH

We are actively engaged with UK schools and colleges to develop educational links and partnerships with the University across all our academic disciplines. We have several associate and affiliated institutions with special partnership and link arrangements which support course development and student progression.

If you would like to arrange a visit or to request that we deliver activities for your students or staff, please get in touch:

E: outreach@westminster.ac.uk

westminster.ac.uk/outreach

MATURE STUDENTS

Around one in six of our full-time first degree or undergraduate students is over 21 when they apply. The vast majority of mature students who are accepted successfully complete their course, but returning to study can be challenging. To help you meet that challenge you will have access to tutorial support, and we provide a series of workshops on getting to grips with university life, and brushing up on your study skills.

Formal qualifications are only one measure of your ability to study at a higher level. Work or other experience, maturity of approach, commitment and enthusiasm are also important. We take these factors into account when making offers of places.

Students of any age who have acquired certificated learning at an appropriate level can be exempted from specific modules, through the Recognition of Prior Learning (RPL) system. However, if you are 21 or over, the knowledge and skills which you have gained through life, work experience and study may be eligible for credits towards your course under the Recognition of Prior Experiential Learning (RPEL) programme.

For more information contact the Admissions Team:

T: +44 (0)20 7911 5000

E: RPLAdmin@westminster.ac.uk

PART-TIME STUDENTS AND FLEXIBLE STUDY MODES

Many of our students are studying part-time, either taking degrees, on short courses or working to gain professional accreditation. Achieving a degree part-time usually takes up to four years (typically attending two classes plus six to 12 hours of personal study each week during term time). Apply for our Part Time study on the course page of our website.

westminster.ac.uk

INTERNATIONAL FOUNDATION COURSE

For international students who do not meet our Bachelor's degree entry requirements, we work in partnership with Kaplan International College, London to provide Foundation courses with guaranteed progression to your chosen degree (subject to meeting entry criteria and visa requirements); for more information, turn to p120, or visit kaplanpathways.com

We also recognise qualifications from a number of other International Foundation providers. See the University Preparation Courses section on our website for a full list. westminster.ac.uk/university-preparation-courses

INTERNATIONAL

With one of the UK's largest international student populations, the University of Westminster has plenty of experience in giving you the help and support you need to make the most of your time with us.

MEET US IN YOUR COUNTRY

We frequently travel overseas to meet and interview potential students at exhibitions, schools, partner institutions and other events. We also work with representatives around the world who can help you with your application to Westminster. For more information, visit westminster.ac.uk/international

We also have teams based in Beijing, Guangzhou and Delhi.

E: southasia@westminster.ac.uk

E: china@westminster.ac.uk

INSTITUTIONAL PARTNERSHIPS

We have a wide range of partnerships with universities and academic institutions in the UK and overseas that allow students to progress onto degree courses at Westminster. For a full list of our partners visit westminster.ac.uk/international

STUDENT VISAS

If you need to apply for a student visa in order to study with us then please read the information on our website. If you are an EU passport holder and unsure if you require a student visa please visit our website at westminster.ac.uk/visas or gov.uk/student-visa

OVERSEAS EXPERIENCES

You will have a lot of opportunities to improve your employability prospects and broaden your horizons by taking part in an experience abroad. Global opportunities offered to our students range from studying at a partner university for a semester or a year, taking part in a summer school, volunteering, doing an internship or taking part in an academic led field trip. Whichever path you choose, we guarantee it will be an amazing chance for you to live and learn in another country. westminster.ac.uk/westminster-abroad

Erasmus+

The University of Westminster seeks to continue participating in the Erasmus+ Programme or any Erasmus+ successor programme. Regardless of the negotiations between the EU and the UK, the University of Westminster is working closely with partner institutions to ensure the continuity of study and work opportunities for UK students in European countries. For details on the opportunities available, please visit westminster.ac.uk/study-abroad

PARTNER UNIVERSITY STUDENTS

Our exchange programmes also offer the opportunity for students from partner institutions to come to Westminster for a semester or year. The exchanges are subject-based, so visit westminster.ac.uk/student-exchanges for details of the study opportunities available.

Don't worry if you are not from one of our partner universities, you can still come to study with us on one of our study abroad programmes.

STUDY ABROAD PROGRAMMES

Westminster's Study Abroad programmes give you the opportunity to come to study (or combine study and an internship) for the summer, one semester or the academic year. The programmes are designed to immerse you into the life of the University and the city of London. They offer you the chance to enhance your academic learning and future employability, and to undertake a unique adventure that will be a life-changing experience. westminster.ac.uk/study-abroad

The University of Westminster is proud to be a Generation Study Abroad commitment partner. westminster.ac.uk/study-abroad

ACADEMIC SUPPORT

STUDENT CENTRE

Located in Marylebone Campus, the Student Centre provides valuable information and guidance about a diverse range of services and support, making a real difference to your student life and wellbeing at Westminster.

E: studentcentre@westminster.ac.uk

STUDENT HUB

This is an online area where you will find all the information and guidance you may need to help support you through your life at Westminster.

eg My Student Record, timetables and booking systems. You can visit your Student Hub at westminster.ac.uk/Hub

BLACKBOARD

Our Virtual Learning Environment (VLE) Blackboard Ultra is used to support digital teaching and learning at Westminster as part of students' overall learning experience. The VLE allows for both live and self-directed online learning and is also used to support different forms of assessment and reflection on learning.

ACADEMIC ENGLISH

We offer a number of credited Academic English modules which you can take in your first or second year (as a free-choice module) depending on eligibility.

westminster.ac.uk/academic-english

STUDENT CHARTER

An effective partnership between students and staff is vital to the success of the University and our students, and our Student Charter forms the basis of this relationship.

westminster.ac.uk/student-charter

ADVICE AND SUPPORT

Student Advice

We offer practical information and professional advice on a range of issues including student finance entitlement, welfare benefits and money management. We provide immigration and visa advice to EU and international students, and advice on other general issues such as working

in the UK. We offer additional support to students who have been in care and students who are estranged from their family.

E: studentadvice@westminster.ac.uk

westminster.ac.uk/advice

Student Funding

For enquiries regarding registration confirmation to Student Finance England, Oyster card applications, the Living Expenses Support Scheme, emergency loans, and funding for US students.

E: studentfunding@westminster.ac.uk

westminster.ac.uk/funding

Counselling and Mental Health Advice

Our team of professional Counsellors and Mental Health Advisers offer confidential counselling and mental health advice to students experiencing personal and study difficulties. Support is available on an individual and group basis. Workshops are also available throughout the year to help you manage your studies and university life.

E: counselling@westminster.ac.uk

westminster.ac.uk/counselling

Care Leaver and Estranged Students Support

For students who have been in care (local authority/public care, foster care, semi-independent living or residential care homes) individual additional support is available from the Care Leaver Co-ordinator. We also offer help and advice for Estranged students who are young people studying without the support and approval of a family network. Additional support is available from our Estranged Student Co-ordinator.

E: studentadvice@westminster.ac.uk

westminster.ac.uk/care-leaver-support

westminster.ac.uk/estranged-students

Faith and Spirituality

The Faith and Spirituality team are here to encourage all students and colleagues to explore their sense of spiritual wellbeing as part of our grounded, holistic education. We offer a compassionate space to contemplate together in the spirit of openness and honesty. We

provide opportunities for confidential contact on occasional or regular basis, especially in times of difficulty.

E: interfaith@westminster.ac.uk
westminster.ac.uk/faith-and-spirituality

LEARNING SUPPORT

Our team can support you in developing academic skills through one-to-one sessions and skills workshops in researching, referencing, essay writing, report writing, reflective writing, dissertations, literature reviews, critical thinking, academic language, time management, presentations and more.

E: ask-a-librarian@westminster.ac.uk
westminster.ac.uk/learning-and-study-skills-support

Disability Learning Support

If you have a Specific Learning Difficulty (such as dyscalculia, dyslexia, dyspraxia, ADHD), or a long-term mental health problem, chronic medical condition or any other disability, please contact us to find out what additional support is available. Individual specialist study skills support can be provided to students with dyslexia, dyspraxia and other Specific Learning Difficulties. Mentoring is also available for DSA-funded students with long-term mental and physical health conditions.

E: DLS@westminster.ac.uk
westminster.ac.uk/disability

Digital Skills and Capabilities

LinkedIn Learning is an online learning library that can help you learn software, education, business, and creative skills to achieve personal and professional goals. Undergraduate and postgraduate students on UK-based programmes are currently entitled to a free subscription worth £250, giving unlimited access to thousands of courses, with 30 new courses added weekly. Access to exercise files and the mobile app are included. We also offer our students access to free courses in Microsoft Office and Adobe applications. Completing the relevant online course and passing an online test will help you develop valuable skills and give you a University

of Westminster digital badge. After taking these courses through self-study, you can sign up to a limited number of places to take the examinations required for the Adobe or Microsoft certifications free of charge (certification usually costs £75 or more).
westminster.ac.uk/it-training

PERSONAL TUTORING

Personal tutoring provides academic and pastoral support for undergraduate students on a planned and regular basis.

STUDENT WELLBEING

Our aim is to support you during your studies to function well, engage and enjoy your personal and academic journey. Our wellbeing advisers can provide confidential information and advice on a range of topics: general wellbeing, homelessness, healthier lifestyles, accessing University and external support services including mental health, counselling and sexual health services.

E: student-wellbeing@westminster.ac.uk
westminster.ac.uk/student-wellbeing

CAREERS AND EMPLOYMENT

Our Careers and Employability Service can help you throughout your studies and for up to three years after graduation. We can also support you to find part-time work on campus, work placements, volunteering opportunities and industry mentors.

E: careers@westminster.ac.uk
westminster.ac.uk/careers

ACADEMIC SUPPORT FOR INTERNATIONAL STUDENTS

INTERNATIONAL FOUNDATION

Delivered by Kaplan International College (KIC) London, the Foundation is designed to prepare you for undergraduate study. Progression to Westminster is guaranteed (subject to visa requirements) if you complete your KIC London course and achieve the required grades.

These courses are for international students who do not meet the entrance requirements for our Bachelor's degrees in the following areas:

- Accounting and Finance
- Architecture, Interiors and Urban Design
- Art, Design and Visual Culture
- Biological and Biomedical Sciences
- Business and Management
- Computer Science and Engineering
- Construction, Surveying and Real Estate
- Criminology and Sociology
- Data Science and Informatics
- Economics
- Fashion
- History
- Law
- Nutrition and Public Health
- Politics and International Relations
- Psychology
- Tourism and Events Management

The Foundation covers a range of skills that will allow you to progress to the University of Westminster and study with confidence. These include subject specific academic modules alongside note taking, presentation skills,

essay writing and much more. English language tuition is also provided at a range of levels.

Subjects of study on the Foundation in Art and Design include:

- Art, Design and Media
- Contemporary Art in Context
- Creative Practice and Portfolio
- Entrepreneurship
- Intermediate Digital Applications
- Visual Culture

Subjects of study on the Foundation in Business, Law and Social Sciences include:

- Business Organisations and Management
- Contemporary Global Issues
- Digital Applications
- Economics
- Entrepreneurship
- Historical Perspectives
- Logic and Critical Thinking
- People, Culture and Society
- Statistics

Subjects of study on the Foundation in Science and Engineering include:

- Biology
- Chemistry
- Contemporary Global Issues
- Digital Applications
- Information Technology
- Mathematics
- Physics.

Course Title	Course Duration	Location	Entry Requirements
International Foundation	Between seven and 11 months depending on English level at point of entry. Start dates are available in September, October and January	KIC London, London Bridge	In general, entry to the Foundation Certificate requires you to have passed Grade 12 (or equivalent). You will need to show proof of English language ability, usually an IELTS test (or equivalent). A higher IELTS score means your course will be shorter and you can progress to your Bachelor's degree more quickly. For specific entry requirements and general information, contact KIC London. Apply directly at kaplanpathways.com

On successful completion of the Foundation Certificate at KIC London, you will progress to the first year of an undergraduate degree at the University of Westminster.

In addition to the International Foundation, Kaplan also offer International Year One and general English courses which support, or provide entry into some of our degree courses.

kaplanpathways.com/westminster/contact
T: +44 (0)20 7045 4925

ENGLISH LANGUAGE SUPPORT

The University of Westminster offers a range of courses to support the development of your English language ability. Our Academic English modules and pre-sessional English Language courses will develop

- your understanding of what is required on your future degree course
- the accuracy of your English, including academic language
- your range of academic vocabulary, with a focus on collocation and word families
- your ability to apply academic language across a variety of text types in your research
- your essay and report-writing skills through ongoing practice
- effective strategies for reading academic books, journal articles and case studies
- the listening and note-taking skills necessary to benefit from university lectures
- your ability and confidence to participate in group discussions and seminars on academic topics
- your presentation skills, including pronunciation, stress and intonation
- your confidence in being able to follow university-level courses in English.

ACADEMIC ENGLISH

Our credit bearing Academic English modules have been designed to allow you to consolidate, extend and develop your proficiency in Academic English. Enrolment for Academic English will take place during orientation week and learning week one. Exact dates and time-slots are published in early September. During enrolment we can determine whether an Academic English module is appropriate for you.

You can find more information online, at **westminster.ac.uk/academic-english**

PRE-SESSIONAL ENGLISH

If you are an international student, you can register on one of our pre-sessional English Language courses which will help you develop the language and study skills you need for academic success on a full-time undergraduate course. You will also experience student life through our welcome and social programmes.

Our aim is to provide you with a solid foundation for when you start your degree course, and to give you the skills, knowledge and experience to make the most of your time at university. The course materials and assessments will also have a disciplinary focus, as a further means of preparing you for your future degree.

As a full time pre-sessional student you will be expected to do homework which will lead to formal assessments at the end of the course. In addition, you will have access to the University's extensive facilities, including libraries, computers and the fitness suites.

You can find more information online, at **westminster.ac.uk/pre-sessional**

CHOOSE YOUR DEGREE

Choosing what subject to study can seem daunting. One thing to bear in mind is that you will be spending the next few years studying it in some depth, so it's best to choose a subject that you are going to enjoy. As well as the subject knowledge, getting a degree can open a lot of doors for your career and give you a whole range of skills to set you up for the future.

While it's completely fine, and pretty normal, to not know what you want to do after university – if you do have some idea here are some suggestions of the subjects we offer that may help get you there. Some of these may require further training or study after your undergraduate degree, so check careers web sites for entry requirements. Of course, there are many ways to get where you want to be and lots of other jobs and careers that a degree with us can lead to but this might just be a good place to start thinking about what course would be right for you.

ACCOUNTANT
